A Safe and Convenient Way to
Transport Infants and Belongings

A safer alternative for infant discharge.

When babies are discharged, parents are faced with the awkward task of carrying their baby in an infant carrier along with their belongings, making multiple trips.

Nurses are routinely diverted from important duties to assist in carrying luggage.

This Stork Infant Discharge Cart provides a safe and convenient one-trip discharge.

Affording a better patient experience and greater efficiency for staff.

Docking Station

Ergonomic Handles

Room for Luggage

Hospital Grade Wheels

Nesting for Storage

Wheelchair Accessible

Features

1. Keeps the baby and carrier close to mom.
2. Infant carrier is safe & secure in the docking station for transport.
