A Safe and Convenient Way to Transport Infants and Belongings

A safer alternative for infant transport in healthcare facilities.

When parents and babies visit Healthcare facilities, they are faced with the awkward task of carrying their baby in an infant carrier along with their belongings, for what can be long distances.

The Stork Express Infant Mini Transport Cart provides a safe and convenient way to navigate through healthcare facilities and conveniently manage check in and moving through treatment areas.

Affording a better patient experience while visiting:

- Outpatient Facilities and Clinics
- Medical Centers
- Pediatric Facilities
- Anywhere Healthcare is provided for Women and Babies

Docking Station

Ergonomic Handles

Room for Luggage

Hospital Grade Wheels

Nesting for Storage

Wheelchair Accessible
